## ENGAGEMENT ANNOUNCED

Of Mr. Eugene Boyd, Jr., and Miss Mae Worthington, of Minerva, announced the engagement of one of Mason's fairest daughters, Miss Mae Worthington, to Mr. Eugene Boyd, Jr., also of Minerva.

At a beautifully appointed dinner on Tuesday evening, Miss Nellie Worthington, of Minerva, announced the engagement of one of Mason's fairest daughters, Miss Mae Worthington, to Mr. Eugene Boyd, Jr., also of Minerva.

The dinner was served in five courses, covers being laid for fourteen of the bride-to-be's most intimate young friends. The elegant dining room, resplendent with cut glass and family silver, made a fitting background for the table in snowy white linen with a centerpiece of pink carnations. On dainty place cards appropriately ornamented with kewpie brides, the announcement was made in musical little rhymes so befitting the occasion where young voices rang with good wishes and congratulations.

The guest of honor, a tall, stately young girl, was most charming in a gown of blue that only enhanced her brunette beauty. Mr. Boyd, a cousin of Miss Worthington's, is a progressive young landowner of Mason, and

bracken counties, and possesses many excellent traits of character. The wedding, which is of special interest to their wide circle of friends, will take place the latter part of March.

## WILL DIRECT CAMPAIGN

Chamber of Commerce Will Take Charge of Work to Secure the Federal and State Aid For Making a Sanitary Survey of the County.

At a meeting of the Mason County Health League late Wednesday evening, it was decided to accept the offer of co-operation of the Chamber of Commerce in raising the \$3,300 which will secure the expenditure in Maysville and Mason county of \$10,000 by the State and Federal governments.

Realizing the urgent necessity of good health and sanitary conditions as the foundation of the growth and prosperity of the city and county, the Chamber of Commerce has, at the request of the Health League, taken over the management of the campaign and has promised the latter organization to assist them in securing the necessary amount within the ten days which now remains of the time limit.

The Chamber of Commerce proposes to raise the entire amount next week with the active co-operation of those who have already displayed such splendid interest in this movement. The headquarters of the movement for "A Cleaner, more Healthy Maysville and Mason County" have been established at the Chamber of Commerce and the support of every citizen within the limits of Mason County is earnestly solicited.

In an interview Wednesday night, the Secretary-Manager of the Chamber of Commerce said: "The business man who succeeds is constantly making a survey of his business in order to discover whatever there is of detriment to it, and then corrects the evil. We must follow the same business principles in the growth of our city. We must make a complete survey to discover what is wrong and then know how to correct it. All of this is offered by the State and Federal Governments, and it is an opportunity of a life-time which we cannot afford to miss. It will mean that Maysville and Mason County will not only be known as one of the richest counties in the state, but we will be among the very first counties in the U. S. as a safe, healthy place of residence."

## MULE SALE

Will sell at Maysville Monday, four head of good work mules. M. C. KIRK.

## SUITABLE AS AN EXPENSIVE PRESENT

Mr. A. Clooney, the jeweler, has on display in the window of his store a plate containing a potato, a lump of coal, an onion and several beans. Above is a card on which is printed the following:

"We mount these in a variety of elegant designs either in platinum or 18 karat gold. Rapidly replacing diamonds, rubies and other semi-precious stones."

The novel idea is attracting a great deal of attention from the many pedestrians passing this store and many remarks are made concerning the announcement.

## ARE BEING MISREPRESENTED

In today's issue of the Ledger is found an advertisement of the Baraca Class of the Baptist Church of this city in which they state they are being misrepresented in the contest between them and the Paris Baraca Class in the fact that a report is being spread that they are taking members from other churches. This is a very malicious report as will be seen from reading the ad of the class.

## PICTURE WILL BE REPEATED

Manager Triebel of the Pastime Theater will repeat the big sensational feature "Damaged Goods" at the Pastime Tuesday, March 6 and 7. This picture is a revised addition and a new print and is returned only at the request of many Maysville people. Children under 16 years of age will not be admitted. The price of admission will be only 15 cents.

## WILL MOVE TO MAYSVILLE

Mrs. Anna Peed of Limestone street has been visiting relatives and friends in Nepton.

## MULE SALE

## WILL GIVE LECTURE

Dr. H. Andre Langdon of Chicago, will present in the Washington Opera House today, both in matinee and evening his lecture, "The Curse of Cocaine" and "The Moth and the Flame." Dr. Langdon was lately with the Burton Holmes Travellettes as an associate lecturer. He was an investigator for the Illinois Vice Commission and also with the Rockefeller Vice Investigation Committee, which unraveled the Rosenthal Murder Mystery, which so shocked New York City last summer. The gentleman has a number of pictures taken by himself which he will show on the screen, which he explains have all been taken under very trying circumstances. We have talked with Dr. Langdon and find him to be very pleasant gentleman and thoroughly educated. He will doubtless give a splendid entertainment. Ministers are especially urged to hear him.

## BIG TIME EXPECTED

A big time is expected at the next regular meeting of the City Council which will be held on next Monday night, March 5. There are a number of important matters to come before the councilmen. Chief among these are the election of a policeman to fill the vacancy caused by the resignation of Mr. Charles Royce, the matter of annexing Eastland, that of paving several of the side streets in the East End, the closing of Lower street, and the matter of ferry facilities. The session will doubtless be a very long one.

## ATTENTION

Those of our readers who are interested in reducing the High Cost of Living are requested to read C. P. Dieterich & Bro.'s ad in today's Ledger. A more reliable concern, nor one with a more complete stock cannot be found in this country. It is a part of our commercial life and should receive the support of those desiring anything in their line.

## REMAINS SERIOUSLY ILL

## ATTENTION

Of the Committee in charge of the Maysville Baraca Class in the contest with Paris has been called to the impression that seems to have gotten out that we are soliciting members of other Bible Classes. The impression is incorrect. One of the rules of the contest is that those who are regular attendants of other Bible Classes can not be counted.

Our aim is to enlist men who do not attend Bible School, of whom there are more than 2000 in Maysville.

If you do not belong to a Men's Bible Class come join us and BOOST MAYSVILLE.

## BUSINESS TO PAY THE TAX

It appears that the Ways and Means Committee has determined to raise \$500,000,000 additional revenue, of which about half is to be by issuing bonds. The rest is to be levied in direct taxes and business is to pay practically all of it. The death duties are to be increased very largely, but the principal source is a tax of eight per cent. on the income of all business after eight per cent. profits have accrued.

This is nothing less than extortion. It is not based on any just consideration. It is a tax on a special form of energy, and, of course, will bear hardest upon the Republican Commonwealths. There are some great industries in the country which will be able to stand the tax, but others will be handicapped.

It is true that the standard investments of the country do not average eight per cent. in dividend payments, but most corporations try to put back into plants as much as paid to stockholders for the reason that only in this way can they maintain efficiency. This is notably the case with the railways. Not many railways pay eight per cent. dividends, but the law does not refer to dividends, but to profits, whether paid out or not. The railways, which are assailed on every side, will now have to pay more than ever at the very time they are seeking for new revenue.

The plain business man will have to be careful in keeping his books, as the government may be expected to be inquisitorial in its effort to get revenue. It will be a burden hard for many to bear, especially those who do a small business and are striving to increase. At a time when we are hearing so much about the "New Freedom of Business" the only effort at Washington seems to be in the direction of placing it in chains of slavery.

The Ways and Means Committee knows very well that it could levy an income tax on all sums over \$1000, which would be equitable—so far as such a tax is at all equitable—but nothing is further from their minds. Tax the dead who cannot complain and tax the thrifty whose complaints can safely be ignored is the present plan of action. This is undemocratic, it is un-American and it is unjust. One-third of one per cent. of the people are to pay next year in special taxes as much as it cost to run the whole government not many years ago—Philadelphia Ledger.

## DOING CANAL GOOD

In 1916, for the first time in her history, Canada's exports of manufactured articles exceeded her exports of agricultural products. The total exports of manufactures reached \$440,447,000, of agricultural products, \$364,605,700. The money which has rolled into the Dominion from the war-order traffic has enabled that country to make seven-league strides in industrial development, and it is confidently expected that the manufacturing plants which have sprung up in response to the demands of warring Europe can be readily converted into mills for the manufacture of peace products, when the war is over. Canada has practically a free market for her agricultural products in the United States, and the low duties on manufactured goods carried in the Wilson-Underwood law will stabilize the industrial prosperity of Canada which has been created by the great war. "We ought to do our neighbor all the good we can," said Pilpay, the Brahmin gymnosophist. "If you do good, good will be done to you." Some how or other the maxim of the Brahmin sage doesn't work out well with tariffs. We have done Canada all the good we can through the instrumentality of the present tariff law, but we still have to pay the high Canadian rates to get into the markets of the Dominion. Canada has "done" us good.

## SOURCE OF REVENUE TROUBLE

How much easier the revenue problem of the administration would be today if the party in power had not repealed the Republican protective tariff law! The trouble was that the Wilson administration assumed that it had a mandate from the people to repeal the protective tariff. It had no such thing. Both the Republican and the Progressive parties stood for protection, and they polled a large majority of the votes of the country. It is true that the Progressives advocated a lowering of the rates, but they stood for protective rates, nevertheless. If the Democratic party had read the returns correctly, and had acted accordingly, we would have had no great depression in 1913-14 and our national income would have been sufficient to take care of all the necessary expenses of the government. Instead of pursuing that policy, the Democrats cut the revenues and entered upon a reign of wastefulness and extravagance unprecedented in our history. That is why the revenue problem now vexes not only the administration but the people who must pay the increased taxes.

## NO NEED TO STAY

Assistant Secretary of the Treasury Peters, who had tendered his resignation to take effect March fourth, has assured the President that he will stay on the job as long as the present crisis with Germany continues. Mr. Peters is in charge of customs and also has supervision of the interned German ships in our harbors. The first part of his job ought not to bother him greatly. The amount of duties collected at the custom houses in 1916 was lamentably small, despite the flood of foreign goods which found their way to our markets. Nor need the second part of Mr. Peter's job give him much anxiety. The German crews of the interned ships have so damaged their machinery and boilers that the vessels cannot be moved. On the other hand, if Mr. Peters should carry out his intention and quit the public service, it would permit a good job to be given to another "deserving Democrat."

Senator Owen, who wants Federal judges removed from office for holding an act of Congress unconstitutional, might go the limit and have the Constitution declared unconstitutional.

General Funston has paid the Carranzistas fifty dollars for the body of an American soldier who was found with his throat cut on the Mexican side of the border. The bounty on American soldiers is higher, evidently, than that on timber wolves.

## TO AILING WOMEN

A Little Sound Advice Will Help Many a Sufferer in Maysville

No woman should consider herself healthy and well if the kidneys are weak. Poisons that pass off when the kidneys are well, are retained in the body when the kidneys are disordered. If the kidneys and bladder become inflamed and swollen, worse troubles may quickly follow. This is often the cause of bearing-down pains, lameness, backache, etc. Uric poisoning is also frequent cause of headaches, dizzy spells, languor, nervousness and rheumatic pain.

When suffering so, try Doan's Kidney Pills, a remedy that has proven effective in thousands of such cases. Let a Maysville woman tell of her experience. Mrs. J. C. Hays, 493 W. Second St., Maysville, says: "About six years ago, I suffered from a severe attack of kidney trouble. My back first became lame and ached dreadfully. Pains shot through it clear up to my shoulder blades. My kidneys were irregular in action, too. A few boxes of Doan's Kidney Pills, which I got at the Chenoweth Drug Co., helped me a great deal. My kidneys became normal and the pains left my back. I have used Doan's Kidney Pills for a similar attack since and they have proven satisfactory."

Mrs. Hays is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mrs. Hays had—the remedy backed by home testimony. 50c all drug stores. utes," said Senator Penrose of Pennsylvania, ranking Republican member of the committee, "to see the outside of the measure in the committee room." Without opportunity to read its provisions the Minority members were permitted perfunctorily to register their dissent, and the bill was reported to the Senate with request that it should be taken up for consideration in two days. Senator Penrose made vigorous protest against the high-handed tactics of his opponents, but he will be overruled and the measure jammed through under constant urging from the White House.

**Value of Strong Navy**  
Congressman Richard P. Freeman of Connecticut is a "big navy" man. He cites the history of the past and shows that such great leaders as Philip the Second of Spain, Louis the Fourteenth of France, the great Napoleon, and Germany at the present time, although able to overrun large portions of Europe were unable to set a single soldier on the soil of England because of the navy which guarded her shores. To Mr. Freeman the conclusions is obvious. "This rich and resourceful nation of ours," he declares, "should proceed to build at once and continue to maintain forever a navy sufficient to prevent any other nation in the world from transporting troops across either the Pacific or the Atlantic Ocean." Representative Freeman seldom occupies the time of the House in debate, but he is an accomplished orator who always commands the attention of his hearers and he was roundly applauded when he presented his views on the Navy.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years doctors pronounced it to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

**Minority Ignored**  
The methods pursued by the Democratic members of the Senate Finance Committee in froming the revenue bill are quite in line with those followed by them on the tariff bill of 1913 and other revenue legislation. The Republicans on the committee were allowed no voice whatever in the matter, and were not invited to attend the meetings of the committee until the bill was ready for report to the Senate.
